OUR TEAM

[JAMIE TEASDALE President]

Born and raised in Portland, Oregon to entrepreneuring parents, Jamie's professional experiences have instilled exceptional customer service into everything she does. A music and art enthusiast and animal lover, she has been a marketing junkie since before she can remember. In '09 her passion for energizing the visions of small business owners was ignited and she hasn't looked back since. Jamie's raised-bar approach is evident in her everyday process, and she'll be the first to say so.

[NICOLE FISHER Business Development – West Portland]

An energetic entrepreneur with over 20 years of experience, Nicole is passionate about taking businesses from good to great through various marketing arenas, and she rocks at it! Imaginative and dedicated, she is a true team player with a drive for success that motivates others to get on board with new technology.. With two children and 17 years of marriage under her belt, her excitement for life, football, and family keeps her engaged, thankful and happy. And we love that Nicole's favorite quote is "I love my job"!

[SARAH GARRISON Business Development – East Portland]

Our Eastside Portland representative brings experience, enthusiasm and drive to Propel with a background in marketing, business startup and growth, and people connections. A native of Portland's eastside, she has knowledge and commitment that makes her home-based presence invaluable! A bona fide professional, Sarah's strategy revolves around small business success. We'd even venture to say, if you're not magnetically attracted to her methods, we might not be the right company for you! Two dogs, one son, five step-children and a step grandchild keep Sarah on her toes, which is why she jumps at any opportunity she can to absorb the great outdoors.
